

In Partnership with:

HOA Innovations

Your own personal Website Planner

If it's been a little while since you spoke with our sales representative, saw a website demo, or tested a trial website, you might feel like you need a refresher. We understand.

Our website templates are designed for easy set-up with:

-  an online onboarding process,
-  easy online access to videos and printed step-by-step instructions,
-  and an online support ticket system for help.

We want this to be easy for you so you can create your website around your busy schedule.

If you need additional help with your website setup, we offer a live Q & A session with our Website Planner.

Schedule a Zoom call with a Website Planner to review:

- ◆ Introduction to working through the website setup
- ◆ How to communicate with your Onboard Specialist
- ◆ How to open future tickets to Support
- ◆ Questions about your website options

This is an **optional service** with a **one-time fee of \$100** for a one-hour Zoom call. The call can be recorded and shared with you if you would like to watch the steps again later.

After this Zoom call, you should be ready to complete your website with our Onboard Specialist. If you decide you don't have the time (or patience), we'll refer you to our partners at **HOA Innovations**. They can set up your website for a separate fee.*

**Ask for details.*

HOA Innovations has helped over 100 communities set up and maintain their websites. They offer:

- ◆ 20+ years of website experience with communities nationwide
- ◆ Organized website content with a user-friendly approach
- ◆ Best practices on website setup that is communication focused
- ◆ Experience as current HOA Board Members in their own communities

For more information or to schedule a call with a Website Planner, contact your HOA Start sale representative.
